EXPERIENCE

iNeuron Intelligence Pvt Ltd, Bangalore — Internship

August 2021 - January 2022

During internship with iNeuron, they have allotted individual projects to every one. I have done two projects: "News Article Sorting" and "Jobseeker Web Application".

EDUCATION

Patkar-Varde college, Mumbai — B.Sc (IT)

July 2018 - July 2021

In B.Sc IT, I have secured a score of 78.13%.

I.C. Durgaganj Bhadohi, Uttar Pradesh — HSC

July 2016 - July 2018

In HSC, I have secured a score of 85.67%.

PROJECTS

JOBSEEKER Web Application — Python, Django

JOBSEEKER Web Application provides an easy process to apply for any jobs or publish any jobs within a single click.

Github repo: https://github.com/nhyadav/Apanajobportal Application

link: https://jobseeker-portal.herokuapp.com

News Article Sorting — Python, Django, ML, NLP

Sort any news article within 0.5 or less than 1 second. This project can sort five different classes of news. Business, Sports, Politics, Technical and entertainment.
